Projects & Portfolio

- CLuxe Properties Website – Designed and developed a fully responsive real estate website with property listings, galleries, and SEO-friendly structure.
- Personal Portfolio Website – Built and deployed a modern portfolio showcasing projects and skills using React and Tailwind CSS.
- E-commerce Landing Page – Developed an engaging, mobile-first landing page for an e-commerce concept, optimizing user experience and loading performance.

- Sneaker Store – A responsive e-commerce concept site demonstrating product display, UI flow, and clean front-end design.
- Stripe Page Clone – Single-page layout replicating a payment platform design, showing strong attention to styling consistency and responsive layouts.
- Phone Boot / Luxury Phones – Tech retail example highlighting structured product cards and responsive grid layouts.

Experience

Currently seeking an entry-level or internship opportunity to apply and grow front-end development skills.
